The purpose of the Memorandum of Understanding is to highlight some of the characteristics, restrictions and costs of participation in the Plan. While all efforts have been made to cover the main provisions of participation in the Plan, this Memorandum of Understanding is not intended to cover all specific details of the Plan. I have read and acknowledge the following:

General Provisions of Participation

My employer has adopted the 401(a) Elected Officials Defined Contribution Plan for the Public Safety Personnel Retirement System (PSPRS), which is administered by Nationwide Retirement Solutions, Inc. (NRS).

I have reviewed and understand this Memorandum and I have had the opportunity to contact NRS with questions regarding the terms of my participation within the Plan.

1. All Participant contributions made shall be picked up and paid by an Employer in lieu of contributions made by the Participant. The contributions picked up by an Employer may be made through a reduction in the Participant's salary or as an offset against future salary increases, or a combination of both.
2. The Internal Revenue Code (Code) sets limits on the maximum amount I may contribute to the Plan and other retirement accounts on an annual basis. It is my responsibility to adhere to these maximums. Upon request, a NRS representative will provide me assistance to determine my contribution limits.
3. I may elect a beneficiary to receive the proceeds of my account upon my death. Should I fail to make such election, upon death, the proceeds of my Plan account shall be paid according to the default beneficiary provisions of the Plan. My beneficiary elections must be made on a form provided by NRS and become effective only upon acceptance and processing of the form by NRS.
4. The Internal Revenue Code has prescribed specific conditions that must be met in order to take a distribution from the Plan without penalty. The conditions generally include separation from service, attainment of age 59½, death, or disability.
5. Generally, you must begin taking distributions from the Plan no later than April 1 following the year you reach age 73. If you continue to work for this employer beyond age 73, generally, your distributions must begin no later than April 1 following the year you separate from service or retire. I may defer distributions until the date I actually retire.
6. Distributions from my account will be taxable and may be subject to penalty for early withdrawal (withdrawals made prior to age 59½). Upon distribution, I will receive a special tax withholding notice that describes the options then available to me.
7. All funds are immediately vested.
8. I will notify NRS, in writing, of any financial changes, non-financial changes, or requests for distribution.
9. I understand that at the time I separate from service, I can elect a lump sum distribution, a systematic withdrawal or a rollover to another qualified plan.
10. Service purchase transfers are allowed from this plan.
11. Qualified rollovers into the plan are allowed.

Provisions of Investment Options

1. The investment options available to me through the participation in the plan, unless otherwise noted, are variable and subject to increase or decrease in value according to changes in the market. My principal (contribution amount) is not guaranteed.
2. Nationwide Life Insurance Company guarantees a minimum annual interest rate for the Nationwide Fixed Account. Annual guarantees and quarterly declared interest rates may be higher.
3. There may be restrictions on exchanges from the Nationwide Fixed Annuity. I may contact my local NRS Representative for information on specific restrictions that may apply to the Plan.
4. Some mutual funds may impose a short term trade fee. Please read the underlying prospectuses carefully.
5. I may request additional information regarding any of the investment options available to me under the Plan by contacting NRS.

Administrative Fees

I understand that there are no annual administrative fees and only underlying fund house expenses apply. There is an explicit administrative fee of 0.7%.

Nationwide Fixed Account

1. A guaranteed interest rate is declared quarterly and credited daily, which is not lower than the minimum annual rate.
2. Nationwide may earn a spread on assets held in the Nationwide Fixed Account, which is reflected in the crediting rate. The spread represents the difference between what Nationwide earns on investments and what it credits to the Fixed Account as interest.
3. Exchanges or transfers may be made based upon one of the following options as chosen by your employer:
Exchanges and/or transfers of money from the Fixed Account may be made no more than twice a year and may not exceed 40% of the participant's Fixed Account value. Once the 40% limit has been reached, no further exchanges/transfers will be permitted out of the participant's Fixed Account during the remainder of the calendar year. If the Fixed Account value is less than or equal to \$1,000, the participant can exchange/transfer up to the entire account value. Each exchange/transfer will count toward the limitation of two exchanges/transfers out of the Fixed Account per year. Additionally, a five-year exchange/transfer election allows for the systematic movement of 100% of the participant's account value out of the Fixed Account on a monthly basis over a five-year period. If elected, the participant cannot defer, exchange, or transfer into his/her Fixed Account during the five-year term without canceling this election.

Exchange: An exchange is the movement of money between the Nationwide Life Fixed Account and Variable Annuity options and/or between funds in the Variable Annuity option.

Transfer: A transfer is the movement of money between product providers within the same plan

Nationwide Indexed Principal Protection

Nationwide Indexed Principal Protection is a group fixed indexed annuity that tracks the performance of the S&P 500® Daily Risk Control 5% Excess Return Index (Index). Contributions are not directly invested in the Index, but its performance is used to credit interest earnings, subject to a specific limit called a "cap rate." At the beginning of each quarter, all the money in the Interest Account is automatically swept in to a new Index Account. It is possible to have up to four Index Accounts at any given time, and each Index Account has its own cap rate and maturity of one year. Interest Earnings credited are dependent on the cap and the annual performance of the Index. Guarantees are subject to the claims paying ability of the issuing insurance company. This fund is subject to Equity Wash restrictions, which may limit exchanges into a competing fund. Please note that assets must remain invested in the Index Accounts for the entire one year Index Term in order to capture Index Account Interest Earning.
